If such set-off includes a currency conversion we will convert the amount that the Client owes according to our currency exchange rate for the date of the operation.

iii) Client is solely responsible for all risks associated with maintaining Balances and e-money accounts in multiple currencies (including, without limitation, the risk that the value of these Balances will fluctuate as exchange rates change, which over time may result in a significant decrease in the value of the Balances). Client agrees that Client will not attempt to use multiple currencies for speculative trading.

iv) Security Interest. To secure Client's performance of this Agreement, Client grants to us a legal claim against the funds in Client's Account as security for any amount Client may owe to us. This is known in legal terms as a "lien" on and "security interest" in Account of the Client.

We shall not be liable for any direct or indirect loss or damage suffered by the Client or any other third party arising from the suspension of the Service.

2.11 We will use all reasonable endeavours to correct any reported technical faults in the Service as soon as reasonably practicable. However, we do not give any guarantees as to performance of the Service or any undertakings that the Service will be continuously available or free of faults, as authorization process in some cases includes participation of third parties, such as Card Organization and Card Issuers, which are not under our control.

2.12 Occasionally we may:

i) for operational reasons, update the technical specification of the Service and/or update the manuals or documents related to the Service; or

ii) require the Client to follow instructions which it believes are necessary for reasons of security or quality; or

iii) for operational or commercial reasons, make changes in the information provided for the Client, to which Client agrees by entering into this Agreement or using the Service.

2.13 We may refuse to execute any payment transaction, payment order or other use of the Service if we have reasonable grounds to suspect fraud, a breach of the Agreement or Regulations by Client or third party. Authorizations or payouts may also be delayed due to compliance with obligations under applicable legislation or Regulations, including if we suspect that the transaction involves fraud or illegal or non-acceptable activities. In the event that we refuse to execute a transaction or payment order, Client will be notified, unless it is unlawful for us to do so or would compromise reasonable security measures.

2.14 Clients with specific businesses and Merchant category codes (MCC), such as Hotels, Cruise lines, Rent-a-Car and similar, as provided by the Rules of the Card Organizations may be eligible for Pre-authorization transactions, offered as a part of the Service. Such transactions will be available to Clients after our explicit approval for each Client. We have full discretion in the assessment of the Client's application for Pre-authorization transactions and may refuse this part of the Service to a Client or stop offering with immediate effect this type of Service for security or compliance reasons, for which we shall not be liable for whatsoever compensations to the Client.

3. Funding of account and Receipt of money:

3.1 Funding of Business accounts with amounts due by us to Client from acquiring services: Client agrees that myPOS Account will be used to settle amounts due by the Member to Client from the acquiring services in accordance with the Merchant Agreement concluded by the Client or amounts received from valid credit transfers to the account.

i) We shall pay to Client the amounts collected via the Service and due to Client, by issuing electronic money as per value of the amounts collected via the Service and due to Client, subject to all terms and conditions of this Agreement. In certain cases, upon explicit consent between the Parties, we shall transfer the amounts collected via the Service and due to Client to a bank account of Client, preliminary approved by us.

ii) The amounts collected by the Service shall become due to Client and shall be paid by us to Client's account for e-money via issuing of electronic money in the following business day:

(a) In case of transactions via myPOS Virtual or links or requests for payments - the business day of authorization of the transaction by the Card Issuer which is usually the same day of the transaction;

(b) In case of transactions via myPOS Service via payment card of the Card Organizations - the business day of authorization of the transaction by the Card Issuer, which is usually the same day of the transaction.

iii) In case of Pre-authorization transaction, the amount of the Pre-authorization operation is not received by us and is not credited to the Client's account until due completion of the Pre-authorization transaction in compliance with the Rules of the Card Organizations and our requirements. The Client is obliged to perform a completion of the Pre-authorization transaction, by confirming the transactions for the full or partial amount within 90 days from the date of the Pre-authorization transaction, after which the amounts collected via the Service will be credited to the Client's account. In case the Client does not complete the Pre-authorization transaction within the period specified above or cancels the Pre-authorization transaction ("Cancellation of Pre-authorization") the amount of this transaction shall not be credited to the Client's account and the Client will be charged with a fee for the cancellation, as provided in the Tariff.

iv) The amounts due by us to Client, in exchange for which we shall issue electronic money for the Client, are calculated in the following way: The amount received by us from acquiring or other payment services is decreased with the following amounts due by Client to us:

(a) any fees, charges or compensations due by Client to us for the Services or in connection with this Agreement or other Agreements with us; and

(b) any charges and/or sums or payment amounts subject to chargebacks, reversals, refunds, reimbursements or any other entitlements or on other legal grounds, or compensations or penalties to be paid by us to Sub-Contractors or Card Organizations or other Regulators; and

(c) any amounts subject to withhold by us, such as Reserve or Hold/Pending or withhold of amounts by us under this Agreement or other Agreements with us or in compliance with the laws and Regulations.

v) Amounts, collected via the Services, which are withheld by us as Reserve or as Hold/Pending under this Agreement or other Agreements or for compliance with laws or Regulations, are not yet due for payment from us to Client, until the reason for withhold is rectified and such amounts represent conditional obligations of ours with regard to Client. Such amounts are not

considered as funds received by us in exchange of electronic money, therefore, they are not electronic money or available balance in Client's account for e-money or a claim of Client towards us until the reason for withholding or Reserve is rectified and these amounts are credited to the Client's account for e-money. Client shall be able to see the amounts withheld by us in Client online account, in the Reserve account, as Reserve or Hold/Pending, where such amounts are displayed only for information purposes and not as e-money balance. We shall inform the Client on the reasons for withholding of amounts, unless it is unlawful for us to inform Client.

vi) Amounts of Pre-authorization transactions are not credited to the Client's account until due completion of the Pre-authorization transaction and settlement to us, according to the Rules of the Card Organizations. Such amounts are not e-money and are not available balance of e-money. Such amounts are displayed in a separate place in the online account of the Client, who is approved for such transactions, under Tab "Pre-authorization" only for information purposes.

vii) Nothing in this Agreement shall require us to provide any credit or overdraft facility to Client and it is not intended that any such credit or overdraft will be granted.

3.2 Funding via bank transfer: Client can order a credit transfer from a bank account to Client's myPOS Account for e-money provided by us. Upon receipt of the amount of the transfer by us, we will issue electronic money in the same amount and currency as the amount and currency received by us and in the same business day as the date of receipt of the funds by us. We are not responsible for and do not control when we will receive the funds from Client's payment services provider and whether the payment services provider of Client or correspondent banks will charge Client fees for the transfer and will transfer the full amount to us. Client will be notified through information in the online account in the balance and transaction history on the amount of issued money and date of credit operation.

3.3 In order to receive the amount in the account, Client must provide to its payer the correct Account number of the Client and/or correct IBAN, or correct sort-code and account number in case of a Domestic UK Transfer, as well as other beneficiary account details, as stated in the online account of Client. The limits for funding via bank transfer are set out in the online account.

3.4 Client agrees that we may impose different limitations on amounts of issued e-money, or special requirements, or not accept bank transfer from certain banks, upon our discretion, if this is justified by reason of our legitimate interests in reducing our risk exposure or in order to comply with any legal requirement under any legislation which may be introduced in the future.

3.5 The credit value date for the payee's account (Client's account) and the amount of the funding transactions shall be available no later than the Business day on which the amount of the funding transaction is credited to our account.

3.6 Funding in cash: We are currently not offering this service. We are working on adding this functionality to the account and when it is available, we shall inform the Clients.

3.7 Funding transactions with some funding methods may be rejected or limited by us for regulatory reasons (AML/FT), risk and security or to avoid conflict between various Services by us or on other grounds, or may be rejected or delayed, for reasons beyond our control. Therefore, in such cases we do not guarantee the acceptance of any particular funding method, and may make changes or discontinue the acceptance of any particular funding method at any time and without prior notice to Client, for which we are not liable.

3.8 Client agrees that Client cannot make a successful Chargeback after a funding transaction, on the ground "goods not delivered or similar", as the purchased e-money (purchased goods) is issued (delivered) by us upon receipt of funds.

3.9 Receipt of money: Client's account may be funded with e-money via receipt of money from Client from other Client's accounts in our system or from other bank accounts. In order to receive money from a bank account (inbound money transfer), Client must provide to the payer the correct number of Client's account and/or correct IBAN, as well as other beneficiary account details, as stated in the online account of Client.

3.10 Requests for payments: Client's account may also be funded with e-money via receipt of money from Virtual myPOS or links for payment for card-not present payments. The Client can send a payment request or a link for payment via the Service, which has an expiry date and amount set by the Client, and if the recipient agrees to pay to the Client, the payment will be processed as a card-not present transaction on a secured platform myPOS. Client understands and agrees that a sent link or request for payment is not a promise or obligation on our behalf to debit the account or card of the recipient and that the recipient of that link or request has to agree, open the link and make an e-commerce transaction with a valid card prior to the expiry date of the payment request. We are not liable for late payments or refusals to pay via link or requests for payments.

4. Outbound money transfers. International transfers, Domestic transfers:

4.1 Client may submit payment orders to send money to another account within our system online via Client's online account or via the Mobile app (Send money), or in other ways if allowed by the Service. Client may submit payment orders for outbound money transfers online via Client's account. Client is fully liable for providing full and correct payment order and correct and full beneficiary data.

4.2 Receipt of payment order and Irrevocability: By clicking the button "Confirm" or "Yes" in the online account for the Service or Mobile app, and if requested by the Service, after entry of an OTP (one time password) or a secured code for confirmation of the payment order, Client confirms that Client is making confirmed and irrevocable payment order to us to execute the payment order and debit Client's account with the amount of the transfer, and all applicable fees. Confirmed order received by us cannot be revoked by Client. Payment orders received by us in a day, which is not Business day, shall be deemed as received by us on the first following Business day.

4.3 We shall execute the authorized payment order of Client, if Client has enough balance in the designated account from which the payment order is being placed transactions to cover the amount of the transfer and the applicable fees. We shall refuse to execute a specific transaction if there is not enough balance of e-money in the respective currency, or we reasonably believe that the payment order is made by unauthorized person or transaction is fraudulent, illegal or in breach of the present Agreement or any law or regulation.

To make a Domestic UK transfer (when this is possible by the Service), Client has to specify beneficiary name, correct sort code and account number of the beneficiary, provided by beneficiary's payment services provider integrated with Faster Payments Service in UK, and other data, as requested by the Service in the online account of Client.

Domestic UK Transfers are performed via Faster Payment Service which allows faster electronic payments to be made between accounts in the UK with sort codes and UK accounts capable of receiving faster payments held with banks and building societies which are either members of the service or participants in the service.

We may not be able to carry out a payment instruction if the bank or building society to which the Client is sending the payment is not a member of the Faster Payments Service or a participant in the Faster Payments Service.

Our ability to provide SEPA or domestic transfers may be limited or disabled for some time, for reasons beyond our control, as we participate in the payment system as indirect participant and rely on local banks, which are direct participants. We shall inform you in reasonable time and will try to find a solution and resolve the matter as practically as possible, however, we shall not be liable for any damages caused to you due to ceasing of our services for SEPA or domestic transfers for reasons beyond our control.

4.4 Payment transactions initiated by or through the payee.

We shall execute a payment transaction initiated by or through the payee in accordance with the consent of the Client given to the payment service provider of the payee. In cases where the amount of the transaction is not known at the moment of providing the consent, the Client may be provided with an option to agree to the blocking of a specific amount for the purposes of the execution of the transaction in question. In case you have agreed to said blocking, we shall unblock the amount at the moment of the initiation by or through the payee.

i) Send money – within the same day as of the date of placement of correct payment order;

ii) (Deadline for performance for SEPA credit transfers: we shall execute the order and credit the amount of the transfer in the payee's payment service provider account at the latest by the end of the Business day following the day of receipt of the payment order by the Client. The receipt of money in the personal payment account of the payee (recipient) depends on the agreement between the payment service provider of payee and the payee.

iii) Deadline for performance of International money transfers: we shall execute the order and credit the amount of the transfer in the payee's payment service provider account at the latest by the end of the Business day following the day of receipt of the payment order by the Client. The receipt of money in the personal payment account of the payee (recipient) depends on the agreement between the payment service provider of payee and the payee. Client agrees that we may set other deadlines for performance for International money transfers (non SEPA transfers), which shall be notified to Client in advance on the website for the Service or in the online account.

iv) Deadline for performance of Domestic money transfers: we shall execute the order and credit the amount of the transfer in

the payee's payment service provider account at the latest by the end of the next Business day following the day of receipt of the payment order by the Client. Deadline for performance of Domestic UK Transfers: Domestic UK Transfers via Faster Payment Service will be processed and will normally reach the account of the beneficiary that the Client wants to pay within 2 (two) hours as of the moment we receive the order but not later than the end of the following Business day provided that: 1) the payment service provider of the beneficiary is a member of Faster Payment Service, 2) the client has provided a correct and valid beneficiary name, sort-code and account of the beneficiary, 3) the amount of the transfer is within the limits set by us or by Faster Payments Service and within our limits, 4) we do not suspect any fraudulent or illegal activity (sometimes there may be a delay due to AML/FT or fraud prevention checks as per our Internal AML Procedure).

However, we may amend the Tariff as allowed by this Agreement and the law, and this will not suspend or terminate the Standing order automatically and the new fees will apply for the Standing order as of the moment of their entry into force. The funds in the account to be debited for execution of the Standing order have to be sufficient to cover the amount to be transferred and our applicable fees. In case the funds in the account to be debited for execution of the Standing order are not enough to cover the amount of the transfer and/or the applicable fees, we shall perform automatic currency conversion at the currency exchange rate for the date of the conversion with the available funds in other accounts in order to complete the transfer. We shall not execute a specific transaction if there is not enough funds in the Client's account, for which we shall not be liable for whatsoever damages or compensations.

4.8 Client is entitled to withdraw a Standing order before the expiry date has come into effect via Client's online account with entry of valid OTP and as provided by the Service. Client understands and agrees that all payments executed by us according to the Standing order until the date of the withdrawal or expiry date are irrevocable and correctly executed by us and we shall not be liable for unauthorized transactions.

4.9 Client acknowledges and agrees that a payment order, including from a Standing order, has been executed correctly by us, even if Client has submitted a payment order with incorrect data, and as a result of this, the money transfer has not been successful and/or has been received by wrong payee and/or was returned to us, as a result of which Client has to cover the charges for the return, reversal or cancellation of incorrect payment order.

4.10 International transfer: Client can make via the Service outbound money transfers from Client's account and balances to any bank account, except for bank accounts in countries or of persons or entities, which are not allowed by the Service. i) The SEPA Direct Debit Service enables the Client to make payments in EUR currency to the payee through our Service within the Single Euro Payments Area (SEPA) where the payments are initiated by the payee on the basis of a prior consent given by the Client. SEPA comprises the countries and territories described above in the List of SEPA countries and territories.

ii) The client understands and agrees that in order to execute payments by SEPA Direct Debit Service:

(a) The payee and the payee's payment service provider must use the SEPA Direct Debit Core Scheme and

(b) The Client must give the SEPA direct debit mandate to the payee when entering into contractual relations with the payee or at least 14 days before the due date of the payment transaction under the contractual relations.

(c) The payee initiates the respective payment transaction by submitting orders ("Collection") for direct debit transaction to us via its payment service provider. The direct debit transaction may be recurrent or one-off payment as determined by the Client in the Mandate provided to the payee.

iii) When applying SEPA Direct Debit Service the Client must use the generated IBAN and BIC provided by us as Client's unique identifier vis-à-vis the payee. The Client understands and agrees that we shall perform the payment under SEPA direct debit solely on the basis of the unique identifier provided in the Collection submitted by payee's payment service provider.

iv) SEPA direct debit mandate

(a) The Client understands that the SEPA direct debit mandate must be provided to the payee as a paper document, physically signed by the Client or in any durable electronic format according to the agreement between the Client and the payee and subject to the national legal requirements.

(b) The Mandate must contain the following statements by the Client:

(10) The direct debit mandate may contain additional details supplementing the authorization data.

(d) The Client understands and agrees that the Mandate given by the Client to the payee shall remain with the payee. The Client agrees that the payee shall take over the authorization data and enter any additional details in the data set of the instruction for the Collection of SEPA direct debit such as the amounts to be collected.

(1) The Client acknowledges that the payee shall send the instruction for Collection of the SEPA direct debit to us through the payment service provider of the payee. This instruction shall also represent the Client's authorization given to us to perform the respective SEPA direct debit and collect the funds specified in the Collection from the Client's Account.

(2) We reserve our right to approve or decline the form of the mandate and/or when necessary to request from the Client or from the payment service provider of the payee a verification of the Mandate given by the Client to the payee in order to protect the Client's interests from any attempt for fraud.

v) Collection authorization as a SEPA Direct Debit Mandate. The Client understands and agrees that by providing the Mandate to the payee the Client authorizes the payee to request Collection of payments from the Client's Account held with us under SEPA direct debit and at the same time thereby instructs us upon receipt of a Collection by us to pay the direct debit by withdrawing the specified funds from the Client's Account and transfer them to the payment service provider of the payee.

vi) Refusals, Limitations and other instructions

(a) Refusals of the SEPA direct debit mandate

(1) The Client is entitled to refuse at any time the SEPA direct debit Mandate given to payee or certain payment under SEPA direct debits mandate by submitting a request to us via email sent from its registered email for the Service or in other manner as may be provided by the Service where the Client must specify the details of the Mandate or of the payment which is refused by the Client and/or other details as may be requested by us.

(2) Where the Client has refused a Mandate the Client understands and agrees that after submitting a Refusal to us, we shall consider any subsequent Collection received by us from the payment service provider of the payee under this Mandate as no longer authorized.

(3) The Client must submit the Refusal to us at least two business days before the due date of the payment transaction under the Mandate so that we may effectively reject the Collection under the refused Mandate/payment.

(4) The Client is responsible to communicate the Refusal to the payee so that the payee does not continue to send to us instructions for Collection for further direct debits via its payment service provider.

(b) The Client is entitled to limit any payment under SEPA Direct Debit Service in terms of frequency and/or amounts by sending us an instruction via the registered email address of the Client or in another manner as allowed by the Service. The Client understands that the limitation has to be communicated to us at least two business days before the due date of the payment under specific SEPA direct debit mandate otherwise we shall not apply the limitation to the specific payment transaction/s. The Client is responsible to communicate the limitation to the payee as we are not obliged to notify the payee. By receiving instruction for limitation we shall perform the collection of SEPA direct debit in accordance with the limits set in the instruction.

vii) Blocking payments under SEPA direct debit. The Client is entitled at any time during the use of the myPOS Direct Debit Services to block its Account as allowed by the Service for any Collections of SEPA direct debit received from payees of the Client. The Client understands that by choosing this option the Client disables its SEPA Direct Debit Service and instructs us to reject any collection of direct debit received from the service providers of any of its payees.

viii) Payment transaction based on the SEPA direct debit

(i) Debiting the direct debit amount to the Client's Account. The Client agrees that upon receipt by us of Collection for payment under SEPA direct debit sent by Client's payee, we shall debit the amount specified in the Collection from the Client's Account on the due date of the Collection. The Client agrees that the due date of the Collection sent by the payee coincides with the due date specified in the Mandate provided to that payee. If the due date is not a business day we shall debit the Client's Account on the following business day. The Client agrees that the cut-off time for settlement of SEPA direct debit is 15:00 CET.

(ii) Non-execution and return of payments by us:

1. The Client's Account shall not be debited or a Collection for debit shall be rejected, or shall be returned no later than the fifth business day after its due date if:

- a. We have received notice of Refusal of the SEPA direct debit mandate in accordance with the rules in this Schedule; or
- b. the IBAN indicated by the payer in the Collection for direct debit does not coincide with the unique identifier of the Account held by the Client with us; or
- c. The Account of the Client is closed; or
- d. The Account is blocked for direct debit payments or blocked for other reasons; or
- e. The Client does not have enough money for the direct debit operation or we have blocked amounts of money expecting Client identification or verification as per our rules and the applicable laws; or
- f. The Client is not identified or verified by us as per our rules described and the applicable laws; or
- g. Operation code/transaction code/sequence type incorrect, invalid File format sent by the payee's payment service provider; or
- h. For risk and compliance reasons at our sole discretion; or
- i. For regulatory reasons; or
- j. The direct debit cannot be processed by us because the direct debit data set:
 - i. does not contain a creditor identifier or contains one which is evidently wrong to us; or
 - ii. does not contain a mandate reference; or
 - iii. does not indicate the date on which the mandate was given; or
 - iv. does not indicate the due date;
- v. Or for any other reason as specified in the SEPA Direct Debit Core Rulebook.

2. In cases where the Client does not have a sufficient balance in its Account for payment of the direct debit the Client acknowledges and agrees that we shall not debit the Client's Account and we shall keep the entry of the Collection for debit as pending for a period of 3 (three) business days as of the due date after which we shall return the collection for payment to the payee if the Client does not provide sufficient funds. We shall not pay partial amounts under SEPA direct debit.

3. In cases where the Client's Account is blocked by us, including, but not limited in cases of pending identification or verification of the Client, the Client acknowledges and agrees that we shall not debit the Client's Account and shall keep the debit entry as pending for a period of 3 (three) business days as of the due date after which we shall return the collection for payment to the payee if the reason for blocking the Account is not rectified.

(iii) Notification of non-execution or cancellation of the debit entry or refusal of payment

1. We shall immediately inform the Client without delay of non-execution or rejection, or return of the Collection for payment under SEPA direct debit via email sent to the registered email address of the Client or in another manner as provided by the Service. We shall, if possible, state the reasons and indicate ways in which errors that led to the non-execution, cancellation or refusal can be rectified. The Client is able to view all its payments under SEPA Direct Debit Service in its online Account provided by us.

2. We shall charge the Client with a fee set out in the "Tariff" when informing the Client of a rejection to perform a Collection of payment under a duly authorized SEPA direct debit due to a lack of funds provided by the Client.

(iv) Execution of the payment

- 1. The Client understands that we shall debit from Client's Account the amount specified in the Collection under SEPA direct debit mandate on the due date of the Collection/Mandate and we shall transfer it to the service provider of the payee.
- 2. If the due date is not a business day the execution period shall commence on the following business day.
- 3. The Client will be informed of the execution of the payment through the agreed Account information channel and at the agreed frequency.

(v) Inactivity under SEPA direct debit mandate

1. The Client agrees that we are entitled to reject a collection for payment transaction under specific Mandate and to cancel that Mandate if we have not been presented by the payee's Service Provider with a Collection under the specific Mandate for a period of 36 months (starting from the date of the latest Collection presented, even if rejected, returned or refunded). If the Client wishes to further use SEPA direct debit Service regarding this particular payee we shall require the Client to prepare and provide a new Mandate for the payee.

ix) Right of Refund and Compensations under SEPA Direct Debit

(a) Refund for an authorized payment

(1) In case of a payment initiated by a payee under SEPA Direct Debit Service as a result of which the Client's Account has been debited, the Client is entitled to request from us a Refund of the amount debited without being required to provide us any reasons or explanation to its request. Such request for Refund must be made within eight weeks starting from the date on which the Client's Account was debited. We shall restore the balance of the Client's Account to what it would have been before the payment under the SEPA Direct Debit.

(2) The Client agrees that the right to a Refund under the paragraph above shall be precluded as soon as the payment according to the Collection for SEPA direct debit has been explicitly approved by the Client directly to us.

(b) Refund for an unauthorized payment

(1) In the event of an unauthorized payment initiated by a payee under SEPA Direct Debit Service as a result of which the Client's Account has been debited, the Client is entitled to dispute the payment and request us a Refund for unauthorized transaction. We are obligated to refund the amount debited from the Client's Account back to the Client without undue delay, no later than the next business day and we shall have no claim against the Client for reimbursement of its expenses.

(2) The right of the Client for a refund for unauthorized payment shall be precluded if the Client fails to inform us thereof within a period of 30 (thirty) days since the debit of Client's Account or in case the Client is covered by the Statutory Protection for Consumers - within 13 months at the latest after the Account was debited for an unauthorized payment under SEPA Direct Debit Service. The starting moment of that period shall be the moment the Client was notified by us for the payment under SEPA Direct Debit via its online profile or via any other manner as agreed by the Parties but no later than one month after the Client's Account was debited.

(3) The Client shall bear all the losses relating to any unauthorized payment under SEPA Direct Debit Service if they are incurred as a result from a fraudulent act or the Client has acted with intent or gross negligence in the failure to perform any of its obligations under Legal Agreement for myPOS Service or under the present Schedule.

(c) Refund for non-executed or incorrectly executed authorized payments

(1) If an authorized payment is not executed or not executed correctly, the Client is entitled to request us to refund the amount of the payment under the SEPA direct debit in full without delay insofar as the payment was executed incorrectly. We shall then restore the balance of the Client's Account to what it would have been without the debit for the incorrectly executed payment transaction.

(2) We agree that over and above the right under paragraph 1, the Client may request us to refund the charges and interest levied on Client or debited from Client's Account in connection with the non-execution or incorrect execution of the payment.

(3) In case a payment transaction was not executed or not executed correctly, we shall immediately upon Client's request make all reasonable efforts to trace the payment transaction and notify the Client of the outcome.

(4) The Client acknowledges and agrees that our liability shall be precluded if we prove to the Client that the full amount of the payment reached the payee's payment service provider in due time or if the payment was executed in conformity with the incorrect unique identifier of the payee provided by the payee.

(5) Any claims and any objections by the Client against us as a result of non-execution or incorrect execution of payments shall be precluded if the Client fails to inform us thereof within a period of 30 (thirty) days since the debit of Client's Account or in case the Client is covered by the Statutory Consumer Protection within 13 months at the latest after being debited for an unauthorized or incorrectly executed payment. The starting moment of this period shall be deemed the moment the Client was notified by us for the payment via its online profile or via any other manner as agreed by the Parties but no later than one month after the Client's Account was debited.

(d) Our ability to provide SEPA direct debits may be limited or disabled for some time, for reasons beyond our control, as we participate in the payment system as indirect participant and rely on banks, which are direct participants. We shall inform you in reasonable time and will try to find a solution and resolve the matter as practically as possible, however, we shall not be liable for any damages caused to you due to ceasing of our services for SEPA direct debit for reasons beyond our control.

6. Payment transactions with myPOS Cards, issued by the Member:

6.1 All terms and conditions for myPOS Cards, linked to the account, are dealt with in the Legal Agreement for myPOS Card.

7. Refusal, reversal of unauthorized transaction and reversal of incorrect payment orders:

7.1 If we refuse to execute a payment order, the refusal and, if possible, the reasons for it as well as the procedure for correcting any factual mistakes that led to the refusal shall be notified to Client, unless prohibited by other relevant EU or national legislation. We shall provide or make available the notification to Client via email or via the online account at the earliest opportunity. We may charge a fee for providing additional information for such a notification if the refusal is objectively justified.

7.2 In the event of unauthorized transaction or incorrect payment order, the payment transaction is deemed to be correctly executed by us in accordance to EU legislation and national legislation. Client, or a person explicitly authorized by Client, may submit a Request for reversal of unauthorized transaction or Reversal of incorrect order to us via email, without undue delay and within 30 days after Client has known for the transaction or no later than 13 (thirteen) months from the debit date, in case the Client is covered by the Statutory Consumer Protection. This term shall not release Client from Client obligation to notify us immediately and without delay in case of loss, theft, misappropriation or unauthorized use of Identifying Credentials and to take all preventive and security measures as allowed by the Service or by us to limit the risks and damages. Client who is not covered by the Statutory Consumer Protection cannot claim that a transaction is not authorized, because of lack of Client consent for the transaction.

7.3 We will assist the Client to a reasonable extent for reversing the unauthorized transaction or incorrect payment order as required by EU and applicable national law. In case of incorrect payment order, such as wrong account identifier, wrong name, wrong BIC, wrong name of bank of the payee, wrong amount, or other incorrect data, submitted by Client, we may assist the Client to submit a new and correct payment order if we have not executed the incorrect payment order, for which we may charge the Client a fee. In case we have executed the incorrect payment order as per the Agreement and the law, the Client can make a request for reversal via email to us and we will initiate a reversal procedure, for which we will charge Client with the respective fee. We cannot guarantee the outcome of the reversal procedure because it depends entirely on the decision of the payee and bank of the payee to reverse the amount and even if the amount is reversed to Client's account the other banks (the bank of the payee or the correspondent banks) may withdraw from the amount their own fees for reversal and/or investigation or similar, which is beyond our control. In case of Domestic UK transfers via Faster Payments Service, the Client is not able to request a reversal of a payment order, which has become irrevocable, because of the rules of the Faster Payments Service. The Client has to make the request directly to the third party, which received the amount.

7.4 Liability for transactions initiated by or through the payee. Applicable only in cases where the Client is protected under the applicable legislation as a consumer (only in certain countries). Where the account of the Client was charged with an amount in relation to a transaction initiated by or through the payee, the Client shall have the right to request from us to restore the amount charged. We shall restore the amount in question to the Client's account with a value date no later than the date of debiting the account, or provide the Client with the reasons for our rejection of the claim and shall provide information about the Client's right to appeal in front of the respective authority, no later than 10 working days as of the initial request. Where the transaction is not related to a Direct Debit, as defined in Regulation 260/2012, we shall only restore the full amount under the following conditions:

- i. the amount of the transaction was not shown or known to the Client at the moment of authorizing the transaction;
- ii. the amount of the transaction is higher than the expected amount which was usually charged by the payee for similar transactions, or on the basis of the Client's arrangement with the payee. This shall not apply to cases where the amount of the transaction differs due to exchange of currency costs;
- iii. Deadline. The Client may demand restoring the amount of the transaction within 56 days as of the date of the debiting of its account by providing also documents evidencing the circumstances described above;

When the consent for the transaction was made directly before us and, if applicable, the payee or its payment service provider had provided the Client with information about the transaction at least 28 days before its execution the Client shall not be entitled to request restoring of the transaction initiated by or through the payee.

7.5 In case of unauthorized, incorrect or delayed transaction we shall conduct a procedure for proving authentic and correct

execution of payment transaction and if this procedure is completed in favour of Client, we shall reverse the operation and return the amount to Client's account, less the applicable fee in the Tariff, within the deadline provided in the law.

7.6 Client agrees that we or Member may not be always able to reverse the amount of unauthorized transaction or incorrect payment order, in cases, where the deadlines for chargeback or reversal procedures before the Card Organizations have expired or in other cases per the rules of the respective Card Organization, in which cases we shall not owe Reversal or compensation to Client.

7.7 When Client receives a payment:

i) Client is liable to us for the full amount of the received payment or incoming transfer plus any Fees if the payment or transfer is later invalidated for any reason, including a reversal by a payment scheme, such as Faster Payment or other. In addition to any other liability, if there is a Reversal, or if Client loses a Chargeback or Claim, Client will owe us an amount equal to the Reversal, Chargeback or Claim and applicable fee as per the Tariff and other charges related to the Reversal, Chargeback or Claim. We shall debit Client's account to recover any amounts and fees, due by Client in connection to Reversal, or Chargeback or Claim or Reserve, immediately and without prior notice;

ii) in case Client receives a payment to an account, which the Client has chosen to terminate, we shall not be liable for crediting the Client's account. In such case we shall place the credit transfer as "pending" and shall request from the Client via e-mail approval to credit one of the other accounts in the same currencies or other currencies and if there is no approval via e-mail by the Client, we shall return the amount of the transaction to the original payer and may charge the Client with a fee for reversal.

7.8 Client agrees that in case a payment transaction is not approved for some reason or client wishes to refund full or partial amount, then the following rules shall apply:

- i) Reversal or refund of full amount of transaction – the amount of the transaction is refunded in the original type of currency; or
- ii) Partial reversal or refund of amount of transaction – the amount subject to reversal or refund is refunded in the currency of the transaction; or
- iii) If payment has been made with Card via debiting of linked Funding Instrument - the amount subject to reversal or refund is refunded in the currency of Card; or
- iv) If payment has been made with e-money via debiting of linked Funding Instrument - the amount subject to reversal or refund is refunded to Funding instrument if possible, or if not possible is refunded in Client's account in the currency of the transaction.

7.9 Chargebacks, Reversals, Refunds or Claims, related to the acquiring services:

i) Client acknowledges and agrees that Client may become liable to us for the full or partial amount of any payment, received by us or Client from the Service plus any fees or charges if the payment is later invalidated for any legal reason, including but not limited to chargeback or reversal of a payment transaction, or chargeback of card-not-present transaction for payment via the Links or Requests for payments, or on other legal ground. In addition to any other liability, if there is a reversal, or if Client loses a chargeback or claim, Client will owe to us an amount equal to the reversal, chargeback or claim and applicable fee as per the Tariff and other charges related to the reversal, chargeback or claim.

ii) We are entitled to withhold amounts to be paid to Client or debit amounts from Client's account, equal to the amounts subject to chargeback, reversal, refund, any claim related to Pre-authorization transactions or MOTO or e-Commerce or other claim, including the fee owed by Client and any fees and compensations paid to the Regulators, during the time of the procedure or later on, notwithstanding if the amounts have already been credited to Client's Account. Depending on the outcome of the claim against us or the Client, we are entitled to:

(a) In case of successful chargeback, reversal, refund or claim, to reimburse the funds to the Payer or cardholder (or Card Organization) or other appropriate third party and charge Client for these amounts, including applicable fee, by deducting them from the amounts due by us to Client or by debiting Client Account. In such case, we shall be entitled to debit the e-money balance first in any currency and any account of the Client opened with us, and then the Reserve, if there is no sufficient funds in the e-money balances. Alternatively:

(b) In case of chargeback, reversal, refund or claim, which have been decided in a non-appealable way as not successful, to release the withheld or blocked amounts to Client.

iii) Client acknowledges that the validity of a chargeback, refund, reversal or claim will be determined by the relevant Card Organization or other third party payment service provider and we will have no discretion on the matter. We are not liable to Client in respect of any reimbursement to cardholder (or Card Organization), their payment service provider or other appropriate third party because of a chargeback, refund, reversal or claim.

iv) In case a cardholder escalates a chargeback or similar procedure before the Card Organization, under the rules for arbitration procedure of the Card Organization, we shall inform Client on this and shall cooperate with Client in such procedure as per the Regulations. All costs or fees incurred by us in such procedure, including the costs or fees, paid by cardholder, in case of loss of the procedure, shall be on account of Client.

v) Client acknowledges and accepts that we may restrict or suspend the use of the Service and/or terminate this Agreement immediately and without advance notice in the event that the levels of chargeback, refund, reversal or claims connected with the Client website or offers are, in our sole opinion, excessive.

vi) In case we have reasonable doubts or we receive information from Card Organizations or other Regulators for payments with stolen cards, false cards, or unauthorized payments with cards or other irregularities in connection with website of the Client, we have the right to withhold or block all due amounts to Client, including in Client Account and to start an investigation without prior notice to Client. Client is obliged to cooperate us and present us all requested information related to the alleged fraud or unauthorized payments. We have to complete our internal investigation within a reasonable period and have to inform Client on the outcome. Client acknowledges and agrees that in some cases of violations we may be obliged to report Client websites to registers of Card Organizations or other Regulators and terminate the Service for the Client, for which we shall not be liable.

7.10 Other rules for use of the Service:

i) Without prejudice to the above, Client agrees and acknowledges that the reporting and payment of any applicable taxes arising from use of the Service and which by law are obligations of Client, is Client's exclusive responsibility and liability. Client hereby agrees to comply with any and all applicable tax laws.

ii) We may at our discretion block the possibility for specific types of payment transactions in principle or in countries or in some cases, in order to comply with risk and compliance requirements. We may, at our reasonable discretion (for example, for fraud, risk and compliance reasons) impose limits on the amount of money Client can withdraw, transfer, receive or fund for a certain period of time or for the whole period of use of Service.

iii) Client acknowledges and agrees that: (a) The sales of Goods and Services are transactions between the Merchant and Client and not with us, or any of our Branches, Agents or affiliates, unless we are expressly designated as a Seller (Merchant) in the transaction (for example, purchase of other prepaid cards, such as GIFTCARD or other). We are not liable for the performance of obligation of Merchants.

iv) We shall provide to Client information on balance/s, IBAN numbers and other unique account identifiers, information on acquired and settled transactions, information of payment transactions, history of transactions, status of account, status of other payment instruments, notifications to Client and other important information via email to Client's registered email or via the online account of Client, via SMS or push or similar notification to the registered mobile phone of Client or via the website for the Service.

v) Client will be able to view Client transactions free of charge in Client's account transaction history, which is updated regularly, and Client agrees not to receive paper statements. Upon Client request we may, upon our discretion, provide Client with additional statements, paper or otherwise, of the transactions but in this case, we may charge Client a reasonable administration fee as defined in the Tariff. We may charge Client a fee for other information services, different from the standard information services, provided via the Service or additional services provided by us, as provided in the Tariff.

vi) In case Client wishes to use an alternative method for two-factor authentication and receipt of one-time password, as may be required by the Service, Client has to select this option from Client's online account. Transactions, operations and activities confirmed with the one-time password, generated via each of the available two-factor authentication methods, supported for the Service, will be considered as valid and binding on the Client.

8. Reserve, Hold/Pending and other Protective Actions:

8.1 We or the Member shall be entitled to withhold and keep as a Reserve acquired Client's funds for securing the performance of the Client's obligations under this Agreement and the applicable laws and Regulations.

The Reserve shall be a percentage ("Reserve Percentage") of the amount of the processed card transaction that is settled to

the account of the Merchant. The Reserve may be applied by us to certain or to all types of card transactions, which may include myPOS Online, MOTO, card present, but not only. The Reserve Percentage that is applied to processed card transactions may vary between 10% and 30 % or even higher percentage on the basis of risk factors related to the Client. We reserve our right to determine lower or higher Reserve Percentage at any time as specified below.

The Reserve may be set in the online account of the Merchant for the Service. If the amount of the Reserve is depleted or diminished for some reasons, we shall be entitled to withhold amounts from all types of credit transactions to the account of the Client, to replenish the amount of the Reserve.

The amounts withheld by us as a Reserve will be kept by us for a period up to 6 (six) months after authorization of the card transaction which is processed or for a longer period if this is necessary for the protection of our legal interests. All amounts kept by us as a Reserve will be displayed in Client online account for the Service. Such amounts do not represent electronic money and the client may not use, redeem or buy back them until the reserve period elapses and the amounts are credited to the Client's balance of e-money. The funds will be withheld with operation Withhold Reserve and shall be released with operation Release Reserve. The release of the respective reserved amounts shall be performed once per day or at other time intervals, at the end of the Business day.

8.2 We shall determine the Reserve amount or percentage depending on the level of risk of Client, geographical locations, type of business and other factors. We shall regularly check the percentage and amount retained under the Reserve percentage. If in our sole discretion the amount of the retention exceeds a reasonable amount covering the risks, we may:

- i) release the excess amount and cease to keep it as Reserved and credit it to the Client account or
- ii) lower the Reserve percentage.

8.3 If in our discretion there may be a high or higher level of risk associated with Client, the account of the Client or usage of the Service and the amount of the Reserve or retention does not correspond to the risks, we shall be entitled to unilaterally:

- i) increase the Reserve percentage without prior notice, and/or
- ii) prolong the period for which the sums will be kept as Reserved for more than 1 (one year) and/or
- iii) request a bank guarantee or a corporate guarantee or another additional security from the Client, and if not provided, terminate the Service, without liability or compensation for damages.
